

Block 3			
Jan	1wk	R	Angles
	2wks		Revision & Prelims
Feb	1wks	R	Equations
	1wk	R	Scale Factors
	2wk	R	Trigonometry
Mar	1wk	R	Rearranging Formulae
	1wk	R	Scattergraphs
	1wk	R	Revision & Resits
Apr	3wks		Revision & AVU Test
May	4wks		Exam Leave

Drummond Community High School

# Mathematics

## Mathematics Course Progression

Pupils may choose to sit a level over two years.

**Nat 5 Maths:** Prerequisite for teacher training

**Higher Maths:** Prerequisite for degrees in – Maths, Physics, Chemistry, Engineering, Medicine, Veterinary Medicine

**Advanced Higher Maths:** Desirable for degrees in - Maths, Physics, Chemistry

**Maths Degree:** Careers – Actuary, Chartered Accountant, Banking/Finance, Engineering, Maths Teacher, Research/Statistics

# National 4

The National 4 Mathematics course consists of three units followed by an Added Value Unit Assessment (AVU).

The three units are:

- ❖ Numeracy (N)
- ❖ Expressions and Formulae (EF)
- ❖ Relationships (R)

The outcomes for each unit are assessed throughout the year, with the final Added Value (AVU) assessment at the end of the year.

All outcomes must be successfully passed to achieve an award.

There will be regular opportunities for home learning and study classes after school.

## Course Outline

Block 1			
Jun	1wk	N	Negative Numbers
	1wk	N	Percentages
	1wk	N	Fractions
	1wk	N & R	Measurement
Aug	1wk	N	DST
	1wk	N	Ratio & Proportion
Sep	1wk	N	Decimals
	1wk	N & EF	Graphs & Statistics
	1wk		Calculations in Context
	1wk	EF & N	Probability
Oct	1wk	N	Revision & Test
	1wk	EF	Symmetry

Block 2			
Oct	1wk	EF	Area
Nov	1wks	EF	Volume
	1wk		Brackets & Factorising
	1wk	EF	Patterns
	1wk	EF & R	Circles
	1wk	EF & R	Gradient & Straight Line
Dec	1wk	EF	Revision & Test
	21wk	R	Pythagoras
	1wk	R	Pythagoras
